

4 District – Schedule Change Request Form

This form must be received by the 4-District Secretary **14 days prior** to the game to be re-scheduled. **All** sections of the form are to be completed. This is a fillable Form, enter information, save the Form and then email the saved Form.

Requests may only be granted based on participation in a sanctioned school or religious activity that seriously depletes your team (e.g. class field trip). Please briefly identify the event (in the **“Reason / Activity for this Request:”** area), the number of players involved, their names, and the name of the sponsor or teacher.

Note: if your request is based on a lack of players, it may not be granted if you have eleven (11) or even fewer players available. Technically, you need only seven (7) players (one of whom must be the goalkeeper) for a match to take place. For example: If the team has 18 registered players and only four are unavailable, the team will be considered to have enough players to field a team and the Request will be denied.

The League will contact your District Registrar to determine how many players are registered with the team. If the League feels there are sufficient players available for the game, the Request will be denied.

GAME INFORMATION
